Response to Amendment

1. Applicant's amendment filed 01/06/2006 has been entered and carefully considered.

Reasons for Allowance

2. Claims 1-20 are allowed.
3. The following is a statement of reasons for the indication of allowable subject matter:

Please see the previous office action and applicant's argument filed on 05/04/2005 and 01/06/2006.

Regarding claim 1, none of the prior art of record teaches or suggests the combination of a system for generating a histogram of a plurality of power data values, wherein the system comprising: a processing apparatus converting the plurality of power data values to a plurality of floating-point numbers, wherein the processing apparatus stores counts of the plurality of floating-point numbers using each floating-point number as an address for a corresponding histogram bin in the memory. It is these limitations as they are claimed in the combination with other limitations of claim, which have not been found, taught or suggested in the prior art of record, that make these claims allowable over the prior art.

Regarding claim 12, none of the prior art of record teaches or suggests the combination of a method for deriving a power complementary cumulative distribution function from a plurality of power data values, comprising converting the power data value to a floating-point number; reading a location in a memory using the floating-point

number as an address for the location in memory; and generating a histogram of the plurality of floating-point numbers using the memory locations as histogram bins. It is these limitations as they are claimed in the combination with other limitations of claim, which have not been found, taught or suggested in the prior art of record, that make these claims allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
